## INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

International application No.	Applicant's or agent's file reference P688PC00	FOR FURTHER  see Notification of Transmittal of International Search Report (Form PCT/ISA/220) as well as, where applicable, item 5 below.					
Applicant  CARTIFICIAL A/S  This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of	\ <del></del>	International filing date (day/month/year)	(Earliest) Priority Date (day/month/year)				
This International Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the international Bureau.  This International Search Report consists of a total of	PCT/DK 03/00686	10/10/2003	11/10/2002				
This Infernational Search Report has been prepared by this International Searching Authority and is transmitted to the applicant according to Article 16. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of	Applicant						
according to Article 18. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of	CARTIFICIAL A/S						
It is also accompanied by a copy of each prior art document cited in this report.  1. Basis of the report  a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.	This International Search Report has been according to Article 18. A copy is being tra	n prepared by this International Searching Autl Insmitted to the International Bureau.	hority and is transmitted to the applicant				
a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filled, unless otherwise indicated under this item.  the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).  b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:			report.				
the international search was carried out on the basis of a translation of the international application furnished to this Authority (Rule 23.1(b)).  b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:  contained in the international application in written form.  filed together with the international application in computer readable form.  furnished subsequently to this Authority in written form.  furnished subsequently to this Authority in computer readable form.  furnished subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.  the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.  Certain claims were found unsearchable (See Box I).  Unity of invention is lacking (see Box II).  With regard to the title,  the text is approved as submitted by the applicant.  Example to the abstract,  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The text is approved as submitted by the applicant.  The figure of the drawings to be published with the abstract is Figure No.  The figure of the drawings to be published with the abstract is Figure No.  The figure of the drawings to be published with the abstract is Figure No.  None of the figures.	•						
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international search was carried out on the basis of the sequence listing:    contained in the international application in written form.   filed together with the international application in computer readable form.   furnished subsequently to this Authority in written form.   furnished subsequently to this Authority in computer readable form.   turnished subsequently to this Authority in computer readable form.   the statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished.   the statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.   Unity of invention is lacking (see Box II).   Unity of invention is lacking (see Box II).
